Wood/Charcoal Fireboxes

Firebox 2

Take cooking to new heights. Start with Firebox 2, the basis for our Component Cooking System. All of our cooking components are interchangeable on top of the Component 2 firebox. Begin with this basic unit and add the pieces that make your cooking style unique. Available on a stand or as a built-in.

- Single grill
- Single Component firebox with wood/charcoal tray and grill
- Built to fit all outdoor Component Cooking System pieces
- Fits Component gas options – grill, stove or stockpot burners

Dimensions overall 24" x 24" x 10"

Wood/Charcoal Fireboxes

Firebox 3

Firebox 3 is a slightly larger version of our component cooking system with its own version of components. Normal components may be used but filler plates must be added to cover gaps from size differences.

- 2 grills
- includes wood/charcoal tray
- drop-down door in front
- uses 3 burner gas drawer or 2 burner stove drawer

Dimensions overall 24" x 34.5" x 10"

Wood/Charcoal Fireboxes

Firebox 4

Twice the fun of Component Firebox 2, a heat source that holds two components. Enjoy breakfast on our Grill and Griddle, hamburger and fries with our Grill and Deep Fryer, two Pizza Ovens for a pizza party, Smoker and 12" Lid for that weekend BBQ bash, or cook like a gaucho with the Argentine Grill. The possibilities are only limited by your imagination.

- 2 grills
- Removable panel to split fireboxes for smoking
- 2 charcoal/wood trays
- 2 grills

Dimensions overall 48 ¾" wide x 24" deep x 10" high

Wood/Charcoal Fireboxes

Firebox 5

Mix the best of both worlds. Component 5 is the combination of component 2 and 3. Use all of the regular components over one firebox and add the specialty components made for component 3 over the other. Grill and pizza, Argentine Grill and plancha/chappa/griddle, the combinations are tremendous.

- 3 grills
- Removable panel to split fireboxes for smoking
- Gas drawers available for both sides
- 2 charcoal wood trays
- 2 grills

Dimensions overall 60" x 24" x 10"

Gas Component Drawers

Gas Component Grill Drawers

Change your component system from wood or charcoal to propane or natural gas. Add the convenience of gas for those times you just don't feel like starting a fire. Just remove the doors on your component 2, 4, or 5 and this unit slides into the prebuilt guides. Hook up the gas and off you go.

Choose our 2 burner grill drawer for the 2 foot section of Firebox 2, 4, or 5

Choose our 3 burner grill drawer for the 3 foot section of Firebox 3 or 5

Choose our 4 burner grill drawer for the 4 foot section of Firebox 4

Gas Component Stove Drawer

Convert your grill into an outside stove. This 30,000 BTU burner fits into the 2 foot section of firebox component 2, 4, or 5 to make outdoor cooking even easier. With the use of our stove adapter you can cook with a wok, discada, large stock pots, or regular pots and pans. Just remove the doors and this unit slides into the prebuilt guides. Hookup the gas and off you go.

Gas Component Stockpot Drawer

Convert your grill into an outside stove. This 120,000 BTU burner fits into the 2 foot section of firebox component 2, 4, or 5 to make outdoor cooking even easier. With the use of our stockpot adapter you can boil large pots of shrimp, crawfish, or corn in no time. Just remove the doors and this unit slides into the prebuilt guides. Hookup the gas and off you go.

Firebox Lids

Complete your basic unit with a multi-function grill cover. Use it to cover foods while grilling, turn your grill into a smoker or oven with temperature control. For smoking, add our water pan or heat deflector.

- Built from 16 gauge steel so it's durable yet light enough to lift off
- Removable upper grill/bun warmer

Argentine Grill Components

Bear Flag Grill

An Argentine Grill with a lid. Available for Firebox 3, 4, or the 3 foot section of Firebox 5. Also available as a 42" X 24" unit. Mounts permanently to the firebox as it is simply too heavy to lift anyway. Many customers purchase a Bear Flag Grill mounted on the three foot component of Firebox 5, and mount a smoker on the 2 foot component of Firebox 5.

Argentine Grill Components

Argentine Grill Component

Cook like a gaucho. Built on a frame to fit firebox 2,3,4, or 5, the Argentine Grill is seen on ranches all over the Southwest and California; a large grill on cables attached to a spit to raise and lower your meats over an open flame or coals. Tri-tip, steaks, chicken, or ribs, nothing beats the flavor of open-coal cooking.

- Sloped V-grate grill to catch fats and juices (reduces flare ups)
- Stainless steel cables
- Grease/juice tray in front
- Extra spit for rotisserie available

Argentine Grill for Firebox 2

Argentine Grill for Firebox 3

Argentine Grill for Firebox 4

Argentine Grill for Firebox 4S (Spl't into two sections)

Smoker Component

Smoker Component

Smoke ribs, chicken, beef, pork, or fish., and then remove to cook using another component.

- Holds 7 racks or baskets and a water pan
- 475 degree thermometer
- Comes with 3 racks and 3 baskets
- Fits component 2 side of firebox 2,4, or 5
- Dimensions 24" X 20" X 30" high

Pizza Oven Components (L and S)

Pizza Oven Component

- Insulated with 1" of ceramic fiber insulation between 2 layers of steel
- 3" C 18" front pizza loading opening
- Fold down front door for larger foods
- Pizza Oven Component S is 24 X 20 X 12 high and holds a brick floor plus 1 shelf
- Pizza Oven Component S is 24 X 20 X 18 high and holds a brick floor plus 2 shelves

Adapters

Stove Adapter

Give your grill one more use. With ease, place the Stove Adaptor on your Component 1 or 2 firebox and add one of our pan components - Woks, Discada, Mongolian Grill, Flat Pan, or a Stockpot. Change your cuisine as easily as your cooking appliance.

- 24" wide x 20" deep x 1" high
- 16" diameter ring to accept round bottoms
- Ring cover for pot and pan use

Griddle Adapter

Enjoy all the foods that you can't cook on a grill: pancakes, hashbrowns, sandwiches, peppers and onions - you get the idea.

Available in full and half wide sizes for Component 2 and Component 3.

Also available as an a fitting for Argentine Grill for Firebox 2 , 3, and 4.

Tuscan Grill Adapter

An adjustable grate that is simpler than the Argentine Grill Grate.

Available for Component 2 and Component 3 fireboxes.

Stands and Cabinets

Stands

Add portability to your component system. Cart has 4 swivel casters (2 with brakes) to allow for easy movement of your cooking system.

- Available for Firebox 2, 3, 4, and 5
- Sets grill height at 36"

Cabinets

To complete your outdoor kitchen, we have designed a series of new outdoor steel cabinets that can be configured any way you choose to enhance your outdoor cooking experience. They can be installed against walls or as stand alone island units.

- Available for Firebox 2, 3, 4, and 5
- Sets grill height at 36"
- We have a complete line of cabinets including for other grills, sinks, etc.
